Project Himalaya Children

Since 2016 we have been in contact with Claudia Butnik. A Buddhist nun living in Antwerp. She has been committed to her project for many years "Himalayan Children." Hereby children are sponsored in poor families in Sikkim. With the sponsor money the school fees, supplies, clothing and paid for medical care if necessary. We have been impressed by Claudia. With dedication she tries to improve the lives of 18 children in this way.

Up to and including 2018, the HNGF sponsored 4 girls.

We will try to get in touch with Claudia again in 2020. Currently staying she still in India. We would like to make new agreements with her about sponsoring.

We made a first donation in 2018 for the construction of one Girls / women school in Soreng near Darjeeling. In the meantime, the construction is something again further advanced. Almost € 600 was donated to the HNGF in 2019, specifically for this project. This was transferred to the school at the beginning of 2020, financial accountability 2019 can be seen)

HIMALAYA'S NEXT GENERATION FOUNDATION

The foundation aims to contribute to improving the living conditions of children in the Himalayan region by focusing on education and training opportunities. Our attention is focused primarily on children in Nepal and Northern India.

The quality of education offered by local schools is often quite poor, which is why many children cannot read or write. Some of the children in the poorest areas enter a convent to become a monk or nun (sometimes temporarily). But because the monasteries are completely dependent on private donations, living conditions there are also frequently primitive. At times there is no money for clothes, medical care or school supplies.

Education and training are important to help children develop their potential. We intend to promote equal opportunities for both boys **and** girls.
