Vleuten, 23-4-2022

Dear HNGF friends and sponsors,

In this ANNUAL REPORT **2021,** we would like to inform you about HNGF's last year's activities.

First of all, we would like to thank our loyal regular donors again for their periodic contributions. Their contributions help to finance the HNGF actions.
In addition, we received generous contributions from Hans Gerritsen, Ben Ferwerda, Hilly Bol, Ursula Heine, and Jaap Brugman.
Thanks again, everyone!!

**Progres projects:**

Due to the continuation of the corona crisis in 2021, we could again not travel to India in December. This journey has always been of great importance and serves to keep track of the projects we support. The direct personal interaction with the contact persons has continuously helped us to evaluate the projects. In addition these personal contacts were used to come to an agreement about the spending of the HNGF donations. The absence of these face-to-face contacts put many of our projects on hold.

**Mainpat**

We were able to stay in touch with the monastery in Mainpat.
Many of the young monks of **H.E. Beru Khyentse Rinpoche**, permanently stay in Mainpat (India). Thangs to your support HNGF previously helped to furnish a classroom and finish the construction of the school building. Last year we supported the construction of a new kitchen house.

**Rumtek**

We stayed in touch with some of the other contacts, but less frequently. In particular, we had contact with Ani Tsultrim, our Rumtek contact person. We hope to meet her again in December 2022.

**Soreng**

Since 2018 we had contact with the School in the Sky Foundation, which aims at setting up a school for girls and young women (more information can be found on our website). Due to a change in the board of this foundation, there is at present no contact person.
As soon as we have a new contact and there are new developments we will let you know!

We would like to thank you again for your involvement and kind donations! We will continue our activities in 2022- 2023 and try to make a difference.

With warm regards,
Mirjam Bezemer, Ursula Heine and Hans Gerritsen

# HIMALAYA'S NEXT GENERATION FOUNDATION

The foundation aims to contribute to improving the living conditions of children in the Himalayan region by focusing on education and training opportunities. Our attention is focused primarily on children in Nepal and Northern India.

The quality of education offered by local schools is often quite poor, which is why many children cannot read or write. Some of the children in the poorest areas enter a convent to become a monk or nun (sometimes temporarily). But because the monasteries are completely dependent on private donations, living conditions there are also frequently primitive. At times there is no money for clothes, medical care or school supplies.

Education and training are important to help children develop their potential. We intend to promote equal opportunities for both boys **and** girls.
