Vleuten, 1-4-2023

Dear friends and sponsors of the HNGF,

We would like to inform you about the past year in this ANNUAL OVERVIEW 2022.

First of all, we would like to thank our loyal regular donors very much for their periodic contributions with which we can finance the HNGF activities!
In 2022 we again received some (large) donations from Hans Gerritsen Ben Ferwerda, Ursula Heine and Jaap Brugman.
Thank you all very much again!!

Progress projects:

Fortunately, we seem to be entering a different phase in the Corona pandemic. We are assuming that we can travel to India again in December. The trip to India has always been of great importance. It helps to keep a finger on the pulse of the projects we support.
The direct personal contact with the contact persons is important for proper evaluation of the projects. In addition, clear agreements can be made about the destination of the donations.
We hope to be able to speak again in Bodhgaya with the contact persons of the monk monastery in Mainpat and of the nunnery in Rumtek.

Monk Monastery in Mainpat

Last year we were able to keep in touch with the monastery in Mainpat.
As we reported earlier, the young monks of H.E. Beru Khyentse Rinpoche, reside permanently in Mainpat (India).
With your support, a classroom has been set up earlier, and in addition the construction of a school building and a kitchen house . They told us that the Boudhanath monastery in Nepal, which was completely destroyed in the 2015 earthquake, has been rebuilt. We received the request to make a donation for medical costs incurred for the boys who are now staying there. We have complied with this request.

Nunnery in Rumtek

Fortunately, we have always been able to stay in touch with Ani Tsultrim, our contact person. We donated the annual salary for the teacher English and Mathematics they have hire since September 2022. We are happy that they have taken this step and that the education of the girls and young women in the convent is being shaped more and more seriously. We hope to meet again in December 2023.

Girls' school in Soreng

Since 2018 we have been in contact with the School in the Sky foundation which aims at building a school for girls and young women. We mentioned before that last year there has been a change in the board and that we do not yet have a new contact person. This is the case to date, We have therefore decided to withdraw from this project. We may be able to reconnect in India with this project. We will keep you informed.

Poverty alleviation in Sikkim

It has now become clear that Claudia Butnik has retired. She has meant a lot to the 20 children in her care in Sikkim. We are happy that we have been able to support her for a number of years.
It was exactly the kind of project that the HNGF would like to commit itself to.

We would like to thank you again very much for your involvement and generosity!
We will continue to make a difference together in 2023-2024!

With kind regards,
Mirjam Bezemer, Ursula Heine and Hans Gerritsen

HNGF

HIMALAYA'S NEXT GENERATION FOUNDATION

The foundation aims to contribute to improving the living conditions of children in the Himalayan region by focusing on education and training opportunities. Our attention is focused primarily on children in Nepal and Northern India.

The quality of education offered by local schools is often quite poor, which is why many children cannot read or write. Some of the children in the poorest areas enter a convent to become a monk or nun (sometimes temporarily). But because the monasteries are completely dependent on private donations, living conditions there are also frequently primitive. At times there is no money for clothes, medical care or school supplies.

Education and training are important to help children develop their potential. We intend to promote equal opportunities for both boys **and** girls.
